Embryology (Starck), 883 (B. rev.)
of ovary and testis Homo sapiens and Macaca mulatta (van Wagenen and Simpson), 884 (B. rev.)
textbook and laboratory manual of, developmental anatomy (Arey), 885 (B. rev.)
Endocrine disorders, urinary testosterone in (Wieland, Maynard, and Hamwi), 806
Endometrial adenocarcinoma, progestins in treatment of patients with (Smith, Rutledge, and Soffar), 977
carcinoma and hyperplasia, alterations in carbohydrate metabolism induced by progesterone in cases of endometrial carcinoma and hyperplasia (Benjamin and Casper), 991
glandular cell during menstrual cycle, microtubular system in cytoplasm of human (Cavazos et al.), 824
induction of endometriosis across Millipore filters (Merrill), 780
readiness for nidation in rabbit, experiments on (Vašek), 1164 (Abst.)
Endometriosis, cytology of (Lauchlan), 533
endometrial induction of, across Millipore filters (Merrill), 780
vaginal smear pattern in cases of (Schmidt and Christians), 1150 (Abst.)
Endometrium, carcinoma in situ of (Gore and Hertig), 134 (Current developments)
dense stromal cellularity of, significance of foci of (Picoff and Luginbuhl), 820
experimentally induced adenocarcinoma of, histochemistry of hydrolytic and oxidative enzymes in human and (Taki et al.), 86
human, lysosomal enzymes in (Garcia-Bunuel and Brandes), 1045

Endometrium—cont'd
recurrent carcinoma of, progestogen treatment of (Mussey and Malkasian), 78
Enovid therapy, long-term, pituitary gonadotropins during (Ryan, Goss, and Reid), 515
Enzymes, histochemistry of, in female genital system (Velardo and Rosa), 886 (B. rev.)
hydrolytic and oxidative, histochemistry of, in human, and experimentally induced adenocarcinoma of endometrium (Taki et al.), 86
lysosomal, in human endometrium (Garcia-Bunuel and Brandes), 1045
Epidural and subarachnoid anesthesia (Ward et al.), 295 (Abst.)
Erythrocytes, absorption of transfused chromium-labeled, from fetal peritoneal cavity in hydrops fetalis (Creasman, Duggan, and Lund), 586 (Current investigation)
Estradiol pellet implantation, estrogenic substitution therapy with (Jarolim, Bernard, and Strauss), 170
Estradiol-17β, intra-amniotic, oxytocic action of, on pregnant human uterus (Pinto et al.), 876
Estrogen combination, progestin-, in management of menopause, double-blind study (Bakke), 299 (Abst.)
and creatinine, diurnal excretion of, during pregnancy (Dickey et al.), 591 (Current investigation)
progestogen-, combination, cycling effects of varying (Rizkallah and Taymor), 161
therapy, sequential, in gynecology (Jungck), 165
secretion and metabolism, effect of Clomid on (Smith), 440 (Pertinent comments)
Estrogenic substitution with estradiol pellet implantation (Jarolim, Bernard, and Strauss), 170
Ethyl chloride, cyclopropane, trichlorethylene, and, effect of, on uterus of dog (Van Liere, Mazzocco, and Northup), 861
Eunuchoid hypogonadotropic form of testicular feminization (Jirásek), 286 (Comm. in brief)
Exfoliative vaginal cytology in pregnancy, use of (Rad et al.), 465

F

Face presentation (Cucco), 1085
(Prevedourakis), 1092
Fallopian tube, primary carcinoma of (Hanton et al.), 832
(Kneale and Attwood), 840
Feminization, testicular, eunuchoid hypogonadotropic form (Jirásek), 286 (Comm. in brief)
with and without clitoral enlargement (Teter and Boczkowski), 813
Fertility, control of human biological aspects of (Parkes), 299 (Abst.)
of female rat, effect of intrauterine silk thread suture on (Chaudhury and Tarak), 293 (Abst.)
Fetal alveolar electrolyte excretion (Goodlin and Perry), 268
cardiac activity, dynamics (Persianinov et al.), 367
cotyledons in hemochorial placenta, formation (Reynolds), 425 (Pertinent comments)
damage, role of suspected toxoplasmosis and coincidental factors in cause of fetal damage (Roszkowski and Prawecka), 378
electrocardiogram, misdiagnosis of life from artifact in (Kantor, Bowman, and Abbott), 287 (Comm. in brief)
electrocardiography with cancellation of maternal complexes (Walden and Birnbaum), 596 (Comm. in brief)
hemorrhage associated with amniocentesis (Misenhimer), 1133
incubator studies, fetal alveolar electrolyte excretion (Goodlin and Perry), 268
outcome in diabetic pregnancy (Williger), 57
Fetal—cont'd
peritoneal cavity in hydrops fetalis, absorption of transfused chromium-labeled erythrocytes from (Creasman, Duggan, and Lund), 586 (Current investigation)
wastage, human, Listeria monocytogenes as possible cause, clinical investigation (Ansbacher et al.), 386
Fetus, absorption rate of blood from peritoneal cavity by (Montague and Holzman), 282 (Comm. in brief)
growth of human, normal growth and its variations (Gruenwald), 1112
abnormal growth in twins and infants of mothers with diabetes, hypertension, and isoimmunization (Gruenwald), 1120
Fibrinolytic system in human blood during pregnancy (Brakman), 14
plasma, in patients with trophoblastic disease and undelivered hydatidiform mole (Goldstein, Brakman, and Marshall), 21
Fibrosis, idiopathic retroperitoneal, use of lymphangiography for diagnosis (Hahn), 539
Fluorescence microscopy, vaginal cytodiagnosis of estrous cycle of mouse with (Vianney), 1156 (Abst.)
Forceps, new obstetric (Smith), 931
Formimino-glutamic acid excretion in anaemia of pregnancy (Chisholm, Morag, and Sharp), 292 (Abst.)
Free fatty acids, glucose and, correlation between maternal and fetal plasma levels (Whaley, Zuspan, and Nelson), 419 (Current investigation)

G

Genital amebiasis in women, diagnosis of, by standard Papanicolaou technique (Munguía, Franco, and Valenzuela), 181
system, female, histochemistry of enzymes in (Velardo and Rosa), 886 (B. rev.)
Glucose and free fatty acids, plasma levels of, correlation between maternal and fetal (Whaley, Zuspan, and Nelson), 419
movements of, in human pregnant uterus (Stenger et al.), 261
tolerance and excessively large infants (Mickal, Begneaud, and Weese), 62
tests during pregnancy, oral versus intravenous (Benjamin and Casper), 566
Gold, radioactive, prophylactic use of, in treatment of primary ovarian cancer (Keettel et al.), 766
Gonadotropins, human, pregnancies following treatment with (Gemzell and Roos), 490
pituitary, during long-term Enovid therapy (Ryan, Goss, and Reid), 515
Gonorrhea in females, final report on effectiveness of oxytetracycline in treatment (Shapiro and Lentz), 536
Gonorrheal salpingitis, views on treatment and prognosis (Hedberg and Anberg), 295 (Abst.)
Grafting, intrauterine, in rats of autologous and homologous adult rat skin (Zipper et al.), 1045
Granulosa-theca cell tumors of ovary associated with pregnancy (Gillibrand), 1108
Gynecologic cytology, office (Munsick), 411
Gynecology, estrogen-progestogen therapy, sequential, in (Jungck), 165
office (Greenhill), 883 (B. rev.)
tension and stress in (MacLennan), 477

H

Heart disease, mitral, and pregnancy (Paul and Tenney), 733 (Clinical problems)
Hemochorial placenta, formation of fetal cotyledons in (Reynolds), 425 (Pertinent comments)
Hemoglobinopathies, influence of, on reproduction (de V. Hendrickse and Watson-Williams), 739 (Current developments)

Hemorrhage, fetal, associated with amniocentesis (Misenhimer), 1133
intractable postpartum, uterine artery ligation in control of (O'Leary and O'Leary), 920
postpartum (Newton), 711
Hepatic impairment, absence of, in long-term oral contraceptive users (Swyer and Little), 1153 (Abst.)
during intake of contraceptive pills, observations on postmenopausal women (Bakke), 1152 (Abst.)
Hepatitis virus in neonatal liver disease (Cole, Danks, and Campbell), 1159 (Abst.)
Herpes simplex viral infection of cervix, necrotizing, during pregnancy (Stein and Siciliano), 249
Hidradenoma papilliferum (Ioannides), 849
Histochemistry of enzymes in female genital system (Velardo and Rosa), 886 (B. rev.)
Histomorphologic studies on human placentas, plastoid injection, and x-ray cinematographic (Freese), 354
Human chromosomes, antenatal analysis of (Thiede, Creasman, and Metcalfe), 589 (Current investigation)
gonadotropins, pregnancies following treatment with (Gemzell and Roos), 490
Hydatidiform mole, undelivered, plasma fibrinolytic system in patients with trophoblastic disease and (Goldstein, Brakman, and Marshall), 21
Hydramnios, clinical conditions associated with (Jacoby and Charles), 910
Hydrops fetalis, absorption of transfused chromium-labeled erythrocytes from fetal peritoneal cavity in (Creasman, Duggan, and Lund), 586 (Current investigation)
Hyperplasia, endometrial carcinoma and, alterations in carbohydrate metabolism induced by progesterone in cases of (Benjamin and Casper), 991
Hypertension, diabetes, and isoimmunization, abnormal growth in twins and infants of mothers with (Gruenwald), 1120
in pregnancy, abnormal white-cell excretion patterns in (Cross and Leather), 1159 (Abst.)
Hypertonic saline for therapeutic abortion, hazards of using (Johnson, Cushner, and Stephens), 225
solutions in induction of labor, intra-amniotic injection of, studies of mode of action (Kerr et al.), 214
Hypofibrinogenemia complicating uterine rupture (Josey), 29
Hypogonadotropic form of testicular feminization, eunuchoid (Jirásek), 286 (Comm. in brief)
Hypoparathyroidism in pregnancy, management (O'Leary, Klainer, and Neuwirth), 1103
Hypotension induced by spinal anesthesia during pregnancy, therapy (Greiss and Crandell), 296 (Abst.)
Hypoxia, accommodation of human placenta to (Tominaga and Page), 679
Hysterectomy, radical, with pelvic lymph node dissection, morbidity and complications (Symmonds), 663
Hysterography after cesarean section (Waniorek), 42
Hysteroscopy in pregnant patients—new diagnostic tool (Agüero, Aure, and López), 925

I

Idiopathic retroperitoneal fibrosis, use of lymphangiography for diagnosis (Hahn), 539
Iliac artery ligation, internal, aortograms (Burchell and Olson), 117
Immunologic competence of mouse placental cells in irradiated hosts (Dancis, Douglas, and Fierer), 50
Incontinence, stress (Ball et al.), 977
urgency, in female (Jeffcoate and Francis), 604
urinary, detrusor muscle in (Beck, Thomas, and Maughan), 483
Induction, amniotomy, effect of sparteine sulfate on (Van Voorhis, Dunn, and Heggen), 230
of labor, intra-amniotic injection of hypertonic solutions in, studies on mode of action (Kerr et al.), 214
oxytocin, in pregnant rabbits (Shanklin), 242
Infarction, placental, in 1,000 cases correlated with clinical findings (Torpin), 284 (Comm. in brief)
Infants, excessively large, glucose tolerance and (Mickal, Begneaud, and Weese), 62
malnourished newborn, microscopic measurement of placental components in attempt to assess (Wong and Latour), 943
newborn, obstetric factors related to bacteremia in (Tyler and Albers), 970
Infection and disease in newborn, significance of maternal bacterial infection with respect to (Robinson et al.), 1162 (Abst.)
Infusion pump, mechanical, oxytocin induction of labor with (Swartz, Napolitani, and Patchell), 506
Inhibition of human myometrium, phenethanolamines and (Stander), 749
Injectable, long-acting, ovulation inhibition with cycling effects of varying progestogen-estrogen combinations (Rizkallah and Taymor), 161
Internal iliac artery ligation: Aortograms (Burchell and Olson), 117
International Federation of Gynecology and Obstetrics, Fifth World Congress, 464 (Item)
Intra-amniotic estradiol-17β on pregnant human uterus, oxytocic action (Pinto et al.), 876
injection of hypertonic solutions in induction of labor, studies of mode of action (Kerr et al.), 214
Intrauterine contraceptive devices, comparative evaluation of (Hall), 65
complications (Nakamoto and Buchman), 1073
early puerperal insertion (Liss and Andros), 1068
perforation of postpartum uterus with (Macfarlan), 283 (Comm. in brief)
pessary as, experience with (Naim and Hasson), 1145 (Comm. in brief)
contrast medium injection, transabdominal (Torres and Pelegrina), 936
damage to fetus, symposium on, 1044 (Item)
grafting in rats of autologous and homologous adult rat skin (Zipper et al.), 1056
silk thread suture, effect of, on fertility of female rats (Chaudhury and Tarak), 293 (Abst.)
Intravascular coagulation, disseminated (McKay), 883 (B. rev.)
Intravenous infusion, total dose, of iron-dextran (Imferon) in severe anemia (Bhatt, Joshi, and Shah), 1098
Iron-dextran (Imferon), total dose intravenous infusion of, in severe anemia (Bhatt, Joshi, and Shah), 1098
Irradiated hosts, mouse placental cells in, immunologic competence (Dancis, Douglas, and Fierer), 50
Irradiation, low-dosage, of rabbit ovaries, histologic study of effects (Moawad, Rakoff, and Kramer), 1155 (Abst.)
Irrigation smears, cervical scrapings, vaginal pool smears, and, cancer detection by comparative study (Bredeahl, Koch, and Stakemann), 1150 (Abst.)
Ischemia, uteroplacental, angiotensin sensitivity in experimental (Smith and Taniguchi), 303
Isoimmunization, diabetes, hypertension, and, abnormal growth in twins and infants of mothers with (Gruenwald), 1120
Items, 302, 464, 888, 1044

J

Jaundice during treatment with oral contraceptive (Cullberg, Lundstrom, and Stenram), 1152 (Abst.)

K

Kidney disease in pregnancy, physician looks at (Pippig) 1160 (Abst.)

L

Labor, conduct of, in 160 diabetic mothers, evaluation (Herre, Horký, and Fischer), 1164 (Abst.)
for endangered babies (Martius), 1161 (Abst.)
induction of intra-amniotic injection of hypertonic solutions in, studies on mode of action (Kerr et al.), 214
oxytocin induction of, with mechanical infusion pump (Swartz, Napolitani, and Patchell), 506
Labors, biometric evaluation of "natural" and analgesia supported (Hüter), 1163 (Abst.)
"Leiomyoma," uterine, pulmonary metastases from (Ariel and Trinidad), 110
Leukocyte chromosomes of newborn infants, effect of maternal antepartum exposure to x-rays on (MacIntyre et al.), 1161 (Abst.)
Lipid metabolism, defects, toxemia of pregnancy (Nelson, Zuspan, and Mulligan), 310
Lippes loop, uterine perforation with (Clarke), 285 (Comm. in brief)
Listeria monocytogenes as possible cause of human fetal wastage, clinical investigation (Ansbacher et al.), 386
Liver disease, neonatal, hepatitis virus in (Cole, Danks, and Campbell), 1159 (Abst.)
-function tests during intake of contraceptive tablets in pre-menopausal women (Eisalo, Jarvinen, and Luukkainen), 1154 (Abst.)
oral contraception and (Larsson-Cohn), 1154 (Abst.)
Lymph node dissection, radical hysterectomy with, morbidity and complications (Symmonds), 663
Lymphangiography for diagnosis of idiopathic retroperitoneal fibrosis, use of (Hahn), 539
Lymphocysts, surgical correction and prevention (Byron et al.), 203
Lysosomal enzymes in human endometrium (Garcia-Bunuel and Brandes), 1045

M

Malformations in Bavaria, incidence (Saller), 1160 (Abst.)
Malnutrition, fetal, incidence, causes, and effects (Scott and Usher), 951
Medical dictionary, Dorland's illustrated, 881 (B. rev.)
Membranes, premature rupture of, in different ethnic groups (Polishuk, Kohane, and Wiznitzer), 1156 (Abst.)
use of vaginal antibiotics in (Brelje and Kaltreider), 889
Menopause, management of, progestin-estrogen combination in, double-blind study (Bakke), 299 (Abst.)
Menstrual abnormalities, prognosis for adolescents with (Southam and Richart), 637
cycle, changes in sex chromatin pattern during (Schmidt et al.), 422 (Current investigation)
microtubular system in cytoplasm of human endometrial glandular cell during (Cavazos et al.), 824
Metabolic state and anaerobic metabolism in normal newborn infant, assessment (Low), 497
Metabolism, abnormal pyridoxine, in toxemia of pregnancy (Klieger, Evrard, and Pierce), 316
anaerobic, in normal newborn infant, assessment of metabolic state and (Low), 497
carbohydrate, alterations in, induced by progesterone in cases of endometrial carcinoma and hyperplasia (Benjamin and Casper), 991
defects of lipid, in toxemia of pregnancy (Nelson, Zuspan, and Mulligan), 310
effect of Clomid on estrogen secretion and (Smith), 440 (Pertinent comments)
nucleic acid and carbohydrate, in various organs of mice, effect of experimentally induced cervical cancer upon (Hughes and Rubulis), 646
of tumor cells, inhibiting effect of norsteroid on tumor formation and on (Tóth and Szónyi), 518
Metastases, pulmonary, from uterine "leiomyoma" (Ariel and Trinidad), 110
Metronidazole in pregnancy (Peterson, Stauch, and Ryder), 343
trichomoniasis and (Sands), 350
Microtubular system of cytoplasm of human endometrial glandular cell during menstrual cycle (Cavazos et al.), 824
Millipore filters, endometriosis across (Merrill), 780
Mitral heart disease and pregnancy (Paul and Tenney), 733 (Clinical problems)
Mucus of cervix uteri, cyclic variation of sodium chloride content in (Herzberg, Joel, and Katchalsky), 294 (Abst.)
Musculature of human uterus, structure of—muscles and connective tissue (Schwalm and Dubrauszky), 391
Muscle, detrusor, and urinary incontinence (Beck, Thomas, and Maughan), 483
Myometrium, human, electrolyte content in, childbearing age group (Cibils and Schweid), 619
phenethanolamines and inhibition of (Stander), 749
isolated human, comparative effects of two benzodiazepine compounds (Cavanagh, Albores, and Todd), 6

N

Necrotizing herpes simplex viral infection of cervix during pregnancy (Stein and Siciliano), 249
Newborn infant, normal, assessment of metabolic state and anaerobic metabolism (Low), 497
Nidation, endometrial readiness for, in rabbit, experiments on (Vašek), 1164 (Abst.)
Norethindrone and mestranol (Ortho-Novum) therapy, effects of administration and subsequent withdrawal on egg production in chicken (Ringrose, Robblee, and Clandinin), 512
Norsteroid, inhibiting effect of, on tumor formation and on metabolism of tumor cells (Tóth and Szónyi), 518
Nucleic acid and carbohydrate metabolism in various organs of mice, effect of experimentally induced cervical cancer upon (Hughes and Rubulis), 646

O

Obstetrics, operative, Munro Kerr's (Moir), 882 (B. rev.)
Operation, Schauta-Amreich, current status (King), 130 (Re-evaluation)
Operative obstetrics, Munro Kerr's (Moir), 882 (B. rev.)
Organ abnormalities in human parabiotic syndrome (Naeye), 292 (Abst.)
Ovarian cancer, primary, prophylactic use of radioactive gold in treatment of (Keettel et al.), 766
carcinoma (Van Orden et al.), 195
function, rebound phenomenon of, further studies on (Igarashi, Matsumoto, and Hosaka), 295 (Abst.)
pathophysiology and cancer of cervix, seminars on, 888 (Item)
physiology, biotelemetry as adjunct to study of (Balin et al.), 294 (Abst.)
Ovaries, cystadenocarcinoma of, steroid synthesis in (Plotz, Wiener, and Stein), 189
rabbit, histologic study of effects of low-dosage irradiation (Moawad, Rakoff, and Kramer), 1155 (Abst.)
Ovary, granulosa–theca cell tumors of, associated with pregnancy (Gillibrand), 1108
Ovulation inhibition with long-acting injectable. II. Cycling effects of varying progestogen-estrogen combinations (Rizkallah and Taymor), 161
stimulation and inhibition of (Hauser), 884 (B. rev.)
Oxytetracycline in treatment of gonorrhea in females, final report on effectiveness (Shapiro and Lentz), 536
Oxytocic action of intra-amniotic estradiol-17β on pregnant human uterus (Pinto et al.), 876
sparteine sulfate, potent, capricious (Newton, Benson, and McCorriston), 234

Oxytocin induction of labor with mechanical infusion pump (Swartz, Napolitani, and Patchell), 506
in pregnant rabbits (Shanklin), 242
Oxytocinase, serum, in pathologic pregnancy, further studies (Babuna and Yenen), 861

P

Papanicolaou technique, standard, diagnosis of genital amebiasis in women by (Munguía, Franco, and Valenzuela), 181
Parabiotic syndrome, human, organ abnormalities (Naeye), 292 (Abst.)
Paracervical block anesthesia, system of continuous (Tafeen, Freedman, and Harris), 854

Prolapse of uterus and allied conditions (TeLinde), 444 (Current developments)
Prophylactic use of radioactive gold in treatment of primary ovarian cancer (Keettel et al.), 766
Puerperal bacteremia, asymptomatic (Baker, Machikawa, and Stapleton), 903
insertion of intrauterine contraceptive devices, early (Liss and Andros), 1068
sepsis, streptococcal, outbreak (McCabe and Abrams), 297 (Abst.)
Pulmonary metastases from uterine "leiomyoma" (Ariel and Trinidad), 110
Pyridoxine metabolism, abnormal, in toxemia of pregnancy (Klieger, Evrard, and Pierce), 316

R

Radical hysterectomy with pelvic lymph node dissection, morbidity and complications (Symmonds), 663
Radioactive gold, prophylactic use of, in treatment of ovarian cancer (Keettel et al.), 766
Rebound phenomenon of ovarian function, further studies (Igarashi, Matsumoto, and Hosaka), 295 (Abst.)
Re-evaluation, 125-133, 1009-1022
Renal disease, chronic, review (Oken), 1023 (Current developments)
Reproduction, influence of hemoglobinopathies (de V. Hendrickse and Watson-Williams), 739 (Current developments)
Reproductive biology, training program in, 302 (Item)
Retention, urinary, prevention of postoperative, by means of suggestion (Patton and Sheehan), 1006
Retroperitoneal fibrosis, idiopathic, use of lymphangiography for diagnosis (Hahn), 539
Rh-haemolytic disease, third report (Woodrow et al.), 1151 (Abst.)
Roster of American obstetrical and gynecological societies, 156
Rubella infection, transplacental, in newly born infants (Rudolph et al.), 296 (Abst.)

of membranes, premature, in different ethnic groups (Polishuk, Kohane, and Wiznitzer), 1156 (Abst.)
use of vaginal antibiotics in (Brelje and Kaltreider), 889
uterine, hypofibrinogenemia complicating (Josey), 29

S

Saline, hypertonic, for therapeutic abortion, hazards of using (Johnson, Cushner, and Stephens), 225
Salpingitis, gonorrheal, views on treatment and prognosis (Hedberg and Anberg), 295 (Abst.)
Sarcoma of uterus (Aaro, Symmonds, and Dockerty), 101
Schauta-Amreich operation, current status (King), 130 (Re-evaluation)
Sepsis, streptococcal puerperal, outbreak (McCabe and Abrams), 297 (Abst.)
Serum alkaline phosphatase of pregnancy (Robinson, Pierce, and Blumberg), 559
electrophoretic studies in normal and toxemic pregnancies (Bagga and Dutt Mullick), 1143 (Comm. in brief)
oxytocinase in pathologic pregnancy, further studies (Babuna and Yenen), 868
Sex chromatin pattern during menstrual cycle, changes in (Schmidt et al.), 422 (Current investigation)
Single umbilical artery, significance (Froehlich and Fujikura), 274
Skin, autologous and homologous adult rat, intrauterine grafting in rats of (Zipper et al.), 1056
Society of Obstetricians and Gynaecologists of Canada, transactions of twenty-first annual meeting, 465-511
Sodium chloride content in mucus of cervix, cyclic variations (Herzberg, Joel, and Katchalsky), 294 (Abst.).
and urate excretion in pregnancy, effect of small amounts of antidiuretic hormone on (Torres, Schewitz, and Pollak), 546
Sparteine sulfate, effect of, on amniotomy induction (Van Voorhis, Dunn, and Heggen), 230
potent, capricious oxytocic (Newton, Benson, and McCorriston), 234
Spinal analgesia and general anesthesia for elective cesarean section, comparison of (Crawford), 858
varicosities complicated by pregnancy (Oliver et al.), 258
Spinelli's operation, pregnancy following, with reference to puerperal inversion of uterus, (Samarrae), 1158 (Abst.)
Spontaneous abortion in carcinoid syndrome (Leeper, Brown, and Rosenberg), 340
chromosome studies on (Kerr and Rashad), 322
Steroid synthesis in cystadenocarcinoma of ovaries (Plotz, Wiener, and Stein), 189
Streptococcal puerperal sepsis, outbreak (McCabe and Abrams), 297 (Abst.)
Stress incontinence (Ball et al.), 977

Stromal cellularity, dense, in endometrium, significance of foci (Picoff and Luginbuhl), 820
Subarachnoid anesthesia, epidural and (Ward et al.), 295 (Abst.)
Suggestion, prevention of postoperative urinary retention by means of (Patton and Sheehan), 1006
Surgical correction and prevention of lymphocysts (Byron et al.), 203
Suture, effect of intrauterine silk thread, on fertility of rat (Chaudhury and Tarak), 293 (Abst.)
Synthesis, steroid, in cystadenocarcinoma of ovaries (Plotz, Wiener, and Stein), 189

T

Tension and stress in gynecology (MacLennan), 477
Testicular feminization, eunuchoid hypogonadotropic form (Jirásek), 286 (Comm. in brief)
with and without clitoral enlargement (Teter and Boczkowski), 813
Testosterone, urinary, in some endocrine disorders (Wieland, Maynard, and Hamwi), 806
Therapeutic abortion, hazards of using hypertonic saline (Johnson, Cushner, and Stephens), 225
Tissue culture, abnormal, trophoblast in (Márquez-Monter and Benítez-Gurrola), 939
amnion, clinical evaluation of human (Jonas and Caunt), 1152 (Abst.)
uterine, excised mammalian, species variations in contractile response (Bueno-Montano), 1062
Toxemia of pregnancy, abnormal pyridoxine metabolism in (Klieger, Evrard, and Pierce), 316
defects in lipid metabolism in (Nelson, Zuspan, and Mulligan), 310
search for pressor substance in (Gomel and Hardwick), 308
Toxemic pregnancies, normal and, serum electrophoretic studies in (Bagga and Dutt Mullick), 1143 (Comm. in brief)
Toxoplasmosis and coincidental factors in cause of fetal damage, role of suspected (Roszkowski and Prawecka), 378
Transactions of seventy-sixth annual meeting of American Association of Obstetricians and Gynecologists, 599-732, 749-805
twenty-first annual meeting of Society of Obstetricians and Gynaecologists of Canada, 465-511
Transcervical uterine catheterization in rhesus monkeys (Martin and Eckstein), 415 (Current investigation)
Transplacental rubella infection in newly born infants (Rudolph et al.), 296 (Abst.)
Trichlorethylene, cyclopropane, and ethyl chloride, effect of, on uterus of dog (Van Liere, Mazzocco, and Northup), 861
Trichomoniasis, pregnancy, and metronidazole (Sands), 350
Trophoblast, abnormal, in tissue culture (Márquez-Monter and Benítez-Gurrola), 939
Trophoblastic disease and undelivered hydatidiform mole, plasma fibrinolytic system in patients with (Goldstein, Brakman, and Marshall), 21
Tubal pregnancy, conservative operative treatment (Skulj), 294 (Abst.)
Tuberculosis, pelvic (Henderson, Harkins, and Stitt), 630
Tumor cells, circulating, fate of (Zeidman), 1149 (Abst.)
metabolism of, inhibiting effect of norsteroid on tumor formation and on (Tóth and Szónyi), 518
formation, inhibiting effect of norsteroid on, and on metabolism of tumor cells (Tóth and Szónyi), 518
malignant, on question of transplacental metastases of, from mother (Hormann and Lemtis), 1163 (Abst.)
nomenclature, illustrated, 885 (B. rev.)
of ovary associated with pregnancy, granulosa–theca cell (Gillibrand), 1108

U

Ulcer, perforated peptic, in pregnancy (Winchester and Bancroft), 280 (Comm. in brief)
Umbilical artery, single, significance (Froehlich and Fujikura), 274
cord complications of true knots, nuchal coils, and cords around body (Spellacy, Gravem, and Fisch), 1136
insertion, various forms of, medical history and (Krone, Jopp, and Schellerer), 1162 (Abst.)
low-lying (Lacreta and Garcia), 1163 (Abst.)
Underweight pregnant patients, problem of (Schram and Raji), 595 (Comm. in brief)
Urgency incontinence in female (Jeffcoate and Frances), 604
Urinary incontinence, detrusor muscle and (Beck, Thomas, and Maughan), 483
retention, postoperative, prevention of, by means of suggestion (Patton and Sheehan), 1006
testosterone in some endocrine disorders (Wieland, Maynard, and Hamwi), 806
tract infection in women, sequels of post- operative (Slade et al.), 1153 (Abst.)
Uterine artery ligation in control of intractable postpartum hemorrhage (O'Leary and O'Leary), 920
catheterization, transcervical, in monkeys (Martin and Eckstein), 415 (Current investigation)
contractility, drug preservatives and (Bueno-Montano), 1
"leiomyoma," pulmonary metastases from (Ariel and Trinidad), 110
perforation with Lippes loop (Clarke), 285 (Comm. in brief)
rupture, hypofibrinogenemia complicating (Josey), 29
tissue, excised mammalian, species variations in contractile response (Bueno-Montano), 1062
and vaginal prolapse in elderly women, treatment (Wilder), 300 (Abst.)
Uteroplacental ischemia, experimental, angiotensin sensitivity in (Smith and Taniguchi), 303
Uterus of dog, effect of cyclopropane, trichlorethylene, and ethyl chloride on (Van Liere, Mazzocco, and Northup), 861
gravid, rupture of, in third trimester (Palerme and Friedman), 571
human pregnant, movements of glucose in (Stenger et al.), 261
perforation of postpartum, with intrauterine contraceptive device (Macfarlan), 283 (Comm. in brief)
pregnant human, oxytocic action of estradiol-17β on (Pinto et al.), 876
prolapse of, and allied conditions (TeLinde), 444 (Current developments)
puerperal inversion of, with reference to pregnancy following Spinelli's operation (Samarrae), 1158 (Abst.)
sarcoma of (Aaro, Symmonds, and Dockerty), 101
structure of musculature of human—muscles and connective tissue (Schwalm and Dubrauszky), 391

V

Vagina, artificial (Jackson), 1158 (Abst.)
congenital absence of, cytogenetic findings in (Azoury and Jones), 178
Vaginal antibiotics in premature rupture of membranes, use (Brelje and Kaltreider), 889
cytodiagnosis of estrous cycle of mouse with fluorescence microscopy (Vianney), 1156 (Abst.)
cytology in postmenopausal females, effect of digitalis therapy on (Gordon et al.), 524
in pregnancy, exfoliative, use of (Rad et al.), 465
pool smears, cervical scrapings, and irrigation smears, cancer detection by, comparative study (Bredeahl, Koch, and Stakemann), 1150 (Abst.)
prolapse, uterine and, in elderly women, treatment (Wilder), 300 (Abst.)

Vaginal—cont'd
smear pattern in cases of endometriosis (Schmidt and Christians), 1150 (Abst.)
of postmenopausal women, significance of cornified cells in (Charles, Van Leeuwen, and Turner), 527
vault disruption, late postoperative (McNellis, Torkelson, and McElin), 543
Vaginitis during pregnancy, cervicitis and prematurity associated with (Hawkinson and Schulman), 898
Varicella infection contracted in utero, incubation period, sex incidence and (Raine), 1144 (Comm. in brief)
sex incidence and incubation period (Raine), 1144 (Comm. in brief)
Varicosities, spinal, complicating pregnancy (Oliver et al.), 258
Viral infection of cervix during pregnancy, necrotizing herpes simplex (Stein and Siciliano), 249
Voiding time-pressure phenomena in voluntary voiding in females (Hodgkinson, Hodari, and Wong), 791
Voluntary voiding in females, voiding time-pressure phenomena in (Hodgkinson, Hodari, and Wong), 791
Volvulus associated with pregnancy, report of 5 cases (Hamlin and Palermino), 1147 (Comm. in brief)

W

White-cell excretion patterns, abnormal, in hypertension in pregnancy (Cross and Leather), 1159 (Abst.)

X

X-ray cinematographic studies, histomorphologic, plastoid injection, and, on human placentas (Freese), 354
of pregnant rhesus monkeys (Freese, Ranniger, and Kaplan), 361

Subject index*

A

Abdominal decompression during first stage of labor, evaluation of (Shulman and Birnbaum), 421
myomectomy in treatment of uterine myomas (Briggs), 769
Abnormal cytology in late pregnancy, management of (Feste et al.), 763
labor, prolonged and (Schulman), 732 (Current developments)
Abnormalities in infants of mothers with toxemia of pregnancy (Naeye), 276
Abortion in Ahumada-del Castillo syndrome, very early (Whitelaw et al.), 400
anatomic classification, simplified (Fujikura, Froehlich, and Driscoll), 902
infected with Clostridium welchii, treatment of (Decker and Hall), 394
missed, free 11-hydroxycorticosteroids in plasma in normal pregnancies, and in cases of fetal death and (Goldberg et al.), 892
management of, by highly concentrated intravenous oxytocin (Wajntraub), 1163 (Comm. in brief)
protein-bound iodine and (Kock, Van Kessel, and Stolte), 897
septic (Moritz and Thompson), 46
Abruptio placentae (Niswander et al.), 838
Acid-soluble nucleotides of blood in pregnancy toxemia (Hayashi), 868 (Current investigation)
Adenocarcinoma of vagina, primary mesonephric (Harris and Daly), 591 (Comm. in brief)
Age, maternal, as isolated factor in incidence of perinatal asphyxia (Crawford), 569
and source of X chromosome in XO girl (Boczkowski), 593 (Comm. in brief)
Ahumada-del Castillo syndrome, very early abortion in (Whitelaw et al.), 400
Alkaline phosphatase, leukocyte, in gynecologic cancer (Levine et al.), 692
American Board of Obstetrics and Gynecology Part I examination, 152 (Items)
Aminocaproic acid, hypofibrinogenemia in dead fetus syndrome treated with (Pfeffer), 1095
Amniocentesis in management of RH-sensitized pregnancies (Alpern, Charles, and Friedman), 1123
Amniotic fluid volume, use of sodium aminohippurate to determine, preliminary data on use of (Charles and Jacoby), 266
pregnancy urine and, estriol in (Schindler and Herrmann), 301
in rhesus isoimmunization, evaluation of reported method of interpreting spectrophotometric tracings of (Robertson), 120 (Pertinent comments)
of sheep, gas tension, pH, and viscosity, studies on (Moss and Rettori), 270
Anal sphincter, deficient, in cases of old complete perineal tear, reconstruction of (Fahmy), 134 (Comm. in brief)
Analgesia, epidural, during labor, methemoglobinemia following (Poppers, Vosburgh, and Finster), 630
obstetric, methotrimeprazine for (Callaghan and Zelenik), 636
Anaplasias, multiple, in lower genital canal (Julian and Woodruff), 681
Anemia, autoimmune hemolytic, ovarian neoplasm associated with (Yam et al.), 207
Anesthesia, thiopental-nitrous oxide, plasma thiopental concentrations in newborn following delivery under (Finster et al.), 621
Anesthesiology, continental center for graduate training in, 458 (Items)
Aneurysm, splenic artery, rupture of, during pregnancy (Macfarlane and Thorbjarnarson), 1025 (Current developments)
Anoxigenic obstetric conditions, fetal morbidity following, abruptio placentae (Niswander et al.), 838
occult prolapse of umbilical cord (Niswander et al.), 1099
placenta accreta (Niswander et al.), 846
prolapse of umbilical cord (Niswander et al.), 853
Antiabruption dynamics of intervillous circulation in artificial uterus (Groeber), 640
Antibodies, Toxoplasma, prevalence of, in Costa Rican postpartum women and their neonates (Ruiz, Flores C., and Kotcher), 817
Antibody level, toxoplasmosis, and pregnancy outcome (Jones et al.), 809
Antidiuretic potency of oxytocin in women post partum (Saunders and Munsick), 5
Antiserum, rabbit, human blood group A substance in human endometrium and trophoblast localized by chromatographed (Gross), 1149
Aorta, compression of, by uterus in late human pregnancy, variations between femoral and brachial artery pressure with change from hypertension to hypotension (Bieniarz, Maqueda, and Caldeyro-Barcia), 795
Apparatus for "cold-coagulation" of benign cervical lesions, new (Semm), 963
Appendectomy, incidental, during vaginal surgery (McGowan), 588 (Comm. in brief)
Arias-Stella reaction, gestational atypia in endocervical polyps (Cariani and Guderian), 589 (Comm. in brief)
Artery ligation, internal iliac (Le Cocq), 320
Ascorbic acid content and quality of human semen (Vaishwanar and Deshkar), 1080
Asphyxia, perinatal, incidence of, maternal age as isolated factor in (Crawford), 569

B

Bacterial shock in obstetrics and gynecology (Speroff), 139 (Current developments)
Bacteriuria, iatrogenic, and gynecologic surgery (Hodari and Hodgkinson), 153
Band, new intrauterine contraceptive device (Hall), 879 (Comm. in brief)
Basement membrane in uterine cervix (Warren et al.), 23
Biopsy, endometrial, value of (Hofmeister, Vondrak, and Barbo), 91
Bleeding in midtrimester of pregnancy (Gainey and Figge), 430 (Clinical problems)
Blood, acid-soluble nucleotides in, in pregnancy toxemia (Hayashi), 868 (Current investigation)
glucose levels, plasma insulin and, in patients taking oral contraceptives (Spellacy and Carlson), 474
Brachial artery pressure, variations between femoral and, with changes from hypertension to hypotension (Bieniarz, Maqueda, and Caldeyro-Barcia), 795

*May 1, 1-152; May 15, 153-296; June 1, 297-458; June 15, 459-596; July 1, 597-742; July 15, 743-886; August 1, 887-1050; August 15, 1051-1186.

Breech presentation, external cephalic version in management of (Friedlander), 906
transabdominal encephalocentesis in (Bednoff and Delson), 592 (Comm. in brief)
Buclizine and hydroxyzine in rat and chlorcyclizine in mouse, teratogenic effect of (King and Howell), 109 (Current investigation)

C

Cancer (*see also* carcinoma)
cervical, autoradiographic studies in, before and after test dose of irradiation (Yanagita, Herman, and Gusberg), 1051
in small teaching hospital (Kaiser), 330
gynecologic, end results of treatment of, in community hospital (Hill, Bruggers, and Toshach), 75
leukocyte alkaline phosphatase in (Levine et al.), 692
of uterine cervix, surgical treatment of (Hsu and Liu), 706
Carcinoma (*see also* cancer)
of cervix associated with pregnancy (Prem, Makowski, and McKelvey), 99
injuries related to radiation treatment of, and complications of supplemental surgery (Hurteau, Morris, and Chang), 696
in situ and invasive, relationship of cervical dysplasia to (Varga), 759
of endometrium (Morton), 358
(Bergsjø and Nilsen), 496
—preventable disease? (Kistner, Gore, and Hertig), 1101 (Pertinent comments)
mesonephric, of cervix uteri, clinical and pathologic study (Fawcett, Dockerty, and Hunt), 1068
ovarian (Morton), 359
preclinical cervical, colposcopy, and "negative" smear (Hill), 308
primary squamous cell of Fallopian tube (Malinak, Miller, and Armstrong), 1167 (Comm. in brief)
of uterine cervix, squamous cell, enzyme histochemistry of (Thiery and Willighagen), 1059
Cardiac output and left ventricular work in multiple pregnancy (Rovinsky and Jaffin), 781
rate, stroke volume, total peripheral resistance, and central blood volume in multiple pregnancy, synthesis of results (Rovinsky and Jaffin), 787
Cardiovascular hemodynamics in pregnancy. II. Cardiac output and left ventricular work in multiple pregnancy (Rovinsky and Jaffin), 781
III. Cardiac rate, stroke volume, total peripheral resistance, and central blood volume in multiple pregnancy. Synthesis of results (Rovinsky and Jaffin), 787
responses to labor and delivery (Winner and Romney), 1104
Central blood volume in multiple pregnancy, cardiac rate, stroke volume, total peripheral resistance and, synthesis of results (Rovinsky and Jaffin), 787
Cervical cancer, autoradiographic studies in, before and after test dose of irradiation (Yanagita, Herman, and Gusberg), 1051
candidate, composite high risk (Rappolt), 1009 (Pertinent comments)
treatment of, in small teaching hospital (Kaiser), 330
carcinoma, preclinical, colposcopy, and "negative" smear (Hill), 308
dysplasia, relationship of, to in situ and invasive carcinoma of cervix (Varga), 759
glands, cytomegalovirus inclusions in, incidental finding of (Ross), 956
lesions, benign, new apparatus for "cold-coagulation" of (Semm), 963
tensions during labor (Lindgren and Siener), 414
Cervix, carcinoma of, associated with pregnancy (Prem, Makowski, and McKelvey), 99
injuries related to radiation treatment of, and complications of supplemental surgery (Hurteau, Morris, and Chang), 696
in situ and invasive, relationship of cervical dysplasia to (Varga), 759
human, during menstrual cycle, synthesis of chondroitin sulfate by (Stevens et al.), 959
incompetent, in pregnancy, use of dermal graft in surgical correction (Breen), 406
during pregnancy, rate of chondroitin sulfate synthesis in (Dickey et al.), 40
uteri, mesonephric carcinoma of, clinical and pathologic study (Fawcett, Dockerty, and Hunt), 1068
uterine, basement membrane in (Warren et al.), 23
cancer of, surgical treatment of (Hsu and Liu), 706
squamous cell carcinoma of, enzyme histochemistry of (Thiery and Willighagen), 1059
Cesarean section scar, prognosis of (Ruiz-Velasco and Gamiz), 1119
transplacental hemorrhage in (Montague and Krevans), 1115
Checkup, periodic, gynecologist and (Gardner), 1
Chemotherapy, prophylactic, of hydatidiform mole (Kaku), 590 (Comm. in brief)
Chlorothiazide-induced hepatic coma in pregnancy (Aneckstein and Weingold), 136 (Comm. in brief)
Cholesterol, serum, changes in pregnancy (Green), 387
Chondroitin sulfate synthesis in cervix during pregnancy, rate of (Dickey et al.), 40
by human cervix during menstrual cycle (Stevens et al.), 959
Choriocarcinoma, experimentally induced, identification of, by detection of placental hormone (Shintani, Glass, and Page), 559
hydatidiform mole, and normal intrauterine pregnancy, immunologically determined chorionic gonadotropin titers in Singapore women with (Fox and Tow), 239
Chorionic gonadotropin titers, immunologically determined, in Singapore women with hydatidiform mole, choriocarcinoma, and normal intrauterine pregnancy (Fox and Tow), 239
Chromosome, satellites on one No. 18, case study of mentally retarded female exhibiting (Littlefield et al.), 1160 (Comm. in brief)
Chronic vulval dystrophies (Jeffcoate), 61
Circulation, intervillous, in artificial uterus, antiabruption dynamics of (Groeber), 640
maternal, fetal erythrocytes in (McLarey and Fish), 824
Clinical problems, 430-435
Clostridium welchii, abortions infected with, treatment (Decker and Hall), 394
"Cold-coagulation" of benign cervical lesions, new apparatus for (Semm), 963
Colposcopy, preclinical cervical carcinoma, and "negative" smear (Hill), 308
Communications in brief, 133-138, 586-596, 877-886
Complications of vaginal operations for pelvic floor relaxation (Rubin), 972
of supplemental surgery, injuries related to radiation treatment of carcinoma of cervix and (Hurteau, Morris, and Chang), 696
Composite high risk cervical cancer candidate (Rappolt), 1009 (Pertinent comments)
Contraceptive device, intrauterine, extractor (Swartwout), 587 (Comm. in brief)
ultrasound detection of (Winters), 880 (Comm. in brief)
new intrauterine, Band (Hall), 879 (Comm. in brief)
medication, oral, prolapsed experience (Diddle et al.), 489
oral, plasma insulin and blood glucose levels in patients taking (Spellacy and Carlson), 474

Cooper's ligaments, vaginopexy to (Burch's operation), value of, in treatment of urinary incontinence (Sirbu and Albescu), 975
Cord clamping, effect of early versus late on signs of respiratory distress (Spears et al.), 564
Corpus luteum in vaginal vault following pelvic operation (Cordano), 877 (Comm. in brief)
Corticosteroids and pregnancy (Rolf), 339
C^{14}-serotonin in pregnant rats, distribution and placental transfer of (Koren, Pfeifer, and Sulman), 290
Culdotomy, posterior, in pelvic operation, use of (Lee, Welch, and Spraitz), 777
Curettage, diagnostic (Daichman and Mackles), 212
Current developments, 139-151, 436-457, 732-742, 1025-1038
investigation, 109-119, 722-725, 868-876, 997-1008
Cytogenetic evidence concerning possible transplacental transfer of leukocytes in pregnant women (Turner, Wald, and Quinlivan), 831
Cytology, abnormal, in late pregnancy, management of (Feste et al.), 763
Cytomegalovirus inclusions in cervical glands, incidental finding of (Ross), 956

D

Dead fetus syndrome, hypofibrinogenemia in, treated with aminocaproic acid (Pfeffer), 1095
Decompression, abdominal, during first stage of labor, evaluation of (Schulman and Birnbaum), 421
Dehydroisoandrosterone sulfate, fate of injected dehydroisoandrosterone, testosterone, and, in plasma in human (Lindberg, McClenaghan, and Herrmann), 743
testosterone, and dehydroisoandrosterone sulfate fate of injected, in plasma in human (Lindberg, McClenaghan, and Herrmann), 743
Delivery, labor and, cardiovascular responses to (Winner and Romney), 1104
under thiopental–nitrous oxide anesthesia, plasma thiopental concentrations in newborn following (Finster et al.), 621
Dermal graft, use of, in surgical correction of incompetent cervix in pregnancy (Breen), 406
Discriminant functions, application of, in perinatal death and survival (Abernathy, Greenberg, and Donnelly), 860
Doppler inspection, ultrasonic, of fetal heart (Bernstine and Callagan), 1001 (Current investigation)
Drugs, movement and metabolism of some, in fetoplacental unit (Uher et al.), 1005 (Current investigation)
Dysmenorrhea, emotional correlates of, perceptions of (Paulson and Wood), 991
Dysplasia, cervical, relationship of, to in situ and invasive carcinoma of cervix (Varga), 759
Dystrophies, chronic vulva (Thompson and Harvey), 61

E

Eclamptic mothers, follow-up on infants born of (Alexander), 19
toxemia, serum complement in (Prall and Kantor), 539
Ectopic pregnancy, endometrium in (Boyce and Rollins), 327
Elderly, genital prolapse of, correction (Emge), 362
lesions of vulva in (Nash), 356
psychic problems in (Davidson), 350
Electrocardiography, fetal, coincidence technique for (Offner and Moisand), 676
source of diagnostic error in (Whitfield), 669
Electroencephalography, maternal and fetal, in guinea pig (Rosen and McLaughlin), 997 (Current investigation)
Electron microscope study of trophoblast in normal and toxemic placentas (Anderson and McKay), 1134
Emotional correlates of dysmenorrhea, perceptions of (Paulson and Wood), 991
Encephalocentesis, transabdominal in breech presentation (Bednoff and Delson), 592 (Comm. in brief)
Endocervical polyps, gestational atypia in Arias-Stella reaction (Cariani and Guderian), 589 (Comm. in brief)
Endocrine management of geriatric woman (Overstreet), 354
Endometrial biopsy, value of (Hofmeister, Vondrak, and Barbo), 91
fibrinolysis, localization and characteristics of (Luginbuhl and Picoff), 462
hyperplasia, giant polypoid cystic (Ross and Bensusen), 1164 (Comm. in brief)
Endometrioid sarcoma ("stromal endometriosis") (Jensen et al.), 79
Endometriosis, massive norethynodrel therapy in treatment of (Scott and Brass), 1166 (Comm. in brief)
symptomatic during pregnancy (Hanton et al.), 1165 (Comm. in brief)
Endometrium, carcinoma of (Morton), 358
(Bergsjø and Nilsen), 496
preventable disease? (Kistner, Gore, and Hertig), 1101 (Pertinent comments)
in ectopic pregnancy (Boyce and Rollins), 327
normal, isozymes of lactic dehydrogenase in (Roddick, Ing, and Midboe), 459
and trophoblast, human blood group A substance in, localized by chromatographed rabbit antiserum (Gross), 1149
Enzymatic determination of placental function (Babuna and Yenen), 925
Enzyme histochemistry of squamous cell carcinoma of uterine cervix (Thiery and Willighagen), 1059
Epidural analgesia during labor, methemoglobinemia following (Poppers, Vosburgh, and Finster), 630
Epinephrine, placental transfer of, maternal-fetal metabolic alterations of glucose and nonesterified fatty acids (Zuspan et al.), 284
Episiotomy patients, oral proteolytic enzyme therapy (Chymoral) in (Soule, Wasserman, and Burstein), 820
Erythrocytes, fetal, in maternal circulation (McLarey and Fish), 824
maternal, transplacental passage of (Donovan and Lund), 834
Estriol determination, urinary, inhibitory factors in (Yousem, Solomon, and Strummer), 595 (Comm. in brief)
in pregnancy urine and amniotic fluid (Schindler and Herrmann), 301
Estrogen, effects of, on glucose tolerance (Buchler and Warren), 479
in peripheral plasma of cows during normal and prolonged gestations (Holm and Galligan), 887
Estrus, normal and hormonally induced, histochemical study of fibrinolytic activity in the rat uterus in (Kwaan and Albrechtsen), 468
Exchange transfusion, intrauterine (Asensio, Figueroa-Longo, and Pelegrina), 1129
in utero, new method (Seelen et al.), 872 (Current investigation)
External cephalic version in management of breech presentation (Friedlander), 906

F

Fallopian tube, human ova in (Doyle et al.), 115 (Current investigation)
primary squamous cell carcinoma of (Malinak, Miller, and Armstrong), 1167 (Comm. in brief)
use of vermiform appendix as (O'Neill), 219
Family planning program related to maternity service (Taylor), 726 (Pertinent comments)
Femoral and brachial artery pressure, variations between, with changes from hypertension to hypotension (Bieniarz, Maqueda, and Caldeyro-Barcia), 795
Fertility and sterility, fifth world congress, 152 (Items)

Fetal electrocardiography, coincidence technique for (Offner and Moisand), 676
source of diagnostic error in (Whitfield), 669
electroencephalography, maternal and, in guinea pig (Rosen and McLaughlin), 997 (Current investigation)
erythrocytes in maternal circulation (McLarey and Fish), 824
heart, ultrasonic Doppler inspection of (Bernstine and Callagan), 1001 (Current investigation)
morbidity following anoxigenic obstetric conditions. I. Abruptio placentae (Niswander et al.), 838
IV. Occult prolapse of umbilical cord (Niswander et al.), 1099
II. Placenta accreta (Niswander et al.), 846
III. Prolapse of umbilical cord (Niswander et al.), 853
Fetectomy, survival of placental tissue following (Shintani, Glass, and Page), 542
Fetoplacental unit, movement and metabolism of some drugs in (Uher et al.), 1005 (Current investigation)
Fibrinolysis, endometrial, localization and characteristics (Luginbuhl and Picoff), 462
Fibrinolytic activity in rat uterus in normal and hormonally induced estrus, histochemical study of (Kwaan and Albrechtsen), 468

G

Gas tensions, pH, and viscosity of amniotic fluid of sheep, studies on (Moss and Rettori), 270
Genital canal, lower, multiple anaplasias in (Julian and Woodruff), 681
prolapse of elderly, correction (Emge), 362
"German measles" epidemic in Indiana (Thompson and Harvey), 55
Geriatric gynecology, panel on, 350-365 (Page—moderator)
woman, endocrine management of (Overstreet), 354
Gestational atypia in endocervical polyps—Arias-Stella reaction (Cariani and Guderian), 589 (Comm. in brief)
Giant polypoid endometrial hyperplasia (Ross and Bensusen), 1164 (Comm. in brief)
Glucose levels, blood, plasma insulin and, in patients taking oral contraceptives (Spellacy and Carlson), 474
and nonesterified fatty acids, maternal-fetal metabolic alterations of (Zuspan et al.), 284
-6-phosphatase–like activity in human placenta, fetal liver, and decidual tissue (Carter and Weber), 914
tolerance, analysis of effect of ovulatory suppressants on (Peterson, Steel, and Coyne), 484
effects of estrogen on (Buchler and Warren), 479
Goebell-Frangenheim-Stoeckel sling procedure, appraisal of (Ridley), 714
Gonadotropin, human chorionic, in urine, low concentrations of, rapid immunologic method for semiquantitative determination of (Tamada, Taymor, and Stark), 249
titers, chorionic, immunologically determined, in Singapore women with hydatidiform mole, choriocarcinoma, and normal intrauterine pregnancy (Fox and Tow), 239
Gun shot wound of gravid uterus (Farzanfar and Shell), 877 (Comm. in brief)
Gynecologic cancer, end results of treatment of, in community hospital (Hill, Bruggers, and Toshach), 75
care at state hospital for mentally ill (McBurney), 345
problems in institution for management of juvenile delinquency (Alward), 366

H

Hemolytic anemia, autoimmune, ovarian neoplasm associated with (Yam et al.), 207
Hemorrhage, transplacental, in cesarean section (Montague and Krevans), 1115
Hepatic coma in pregnancy, chlorothiazide-induced (Aneckstein and Weingold), 134 (Comm. in brief)
toxicity of tetracycline in pregnancy (Allen and Brown), 12
H^3-medroxyprogesterone acetate, in vivo metabolism of, in pregnant and nonpregnant women and in the fetus (Besch et al.), 228
Human chorionic gonadotropins in urine, low concentrations of, rapid immunologic method for semiquantitative determination of (Tamada, Taymor, and Stark), 249
villi, technique for studying microscopic and gross structure of (Tobin), 882 (Comm. in brief)
placental fraction, observations on metabolic activity of (Burt, Leake, and Pruitt), 579
Hyaline membranes, pulmonary, influence of race and other factors on (Fujikura and Froehlich), 572
Hydatidiform mole, choriocarcinoma, and normal intrauterine pregnancy, immunologically determined chorionic gonadotropin titers in Singapore women with (Fox and Tow), 239
diagnosis of, by transabdominal placental biopsy (Alvarez), 538
prophylactic chemotherapy of (Kaku), 590 (Comm. in brief)
11-Hydroxycorticosteroids, free, in plasma in normal pregnancies and in cases of fetal death and missed abortion (Goldberg et al.), 892
Hypertension and hypotension, variations between femoral and brachial artery pressure with changes from (Bieniarz, Maqueda, and Caldeyro-Barcia), 795
Hypofibrinogenemia in dead fetus syndrome treated with aminocaproic acid (Pfeffer), 1095

I

Iatrogenic bacteriuria and gynecologic surgery (Hodari and Hodgkinson), 153
Iliac artery ligation, internal (Le Cocq), 320
Immunofluorescent reactions, increased specificity of (Gross and Saha), 979
Immunologic method, daily urinary assay of luteinizing hormone by (Mishell), 747
Incompetent cervix in pregnancy, use of dermal graft in surgical correction (Breen), 406
Induction of labor (Fields), 426
Infants born of eclamptic mothers, follow-up on (Alexander), 19
mortality, national conference on, 458 (Items)
Infection, placental inflammation and (Maudsley et al.), 648
Inflammation and infection, placental (Maudsley et al.), 648
Inflammatory response, early, to intrauterine device as determined by Papanicolaou test (Ringrose), 1162 (Comm. in brief)
Injuries related to radiation treatment of carcinoma of cervix and complications of supplemental surgery (Hurteau, Morris, and Chang), 696
Insulin, plasma, and blood glucose levels in patients taking oral contraceptives (Spellacy and Carlson), 474
Internal iliac artery ligation (Le Cocq), 320
Intervillous circulation in artificial uterus, antiabruption dynamics of (Groeber), 640
Intrauterine contraceptive device extractor (Swartwout), 587 (Comm. in brief)
new, Band (Hall), 879 (Comm. in brief)
ultrasound detection of (Winters), 880 (Comm. in brief)
device, early inflammatory response to, as determined by Papanicolaou test (Ringrose), 1162 (Comm. in brief)
exchange transfusion (Asensio, Figueroa-Longo, and Pelegrina), 1129
Intravenous oxytocin, highly concentrated, management of missed abortion by (Wajntraub), 1163 (Comm. in brief)

Invasive carcinoma of cervix, in situ and, relationship of cervical dysplasia to (Varga), 759
Iodine, protein-bound, and abortion (Kock, Van Kessel, and Stolte), 897
Irradiation, test dose of, autoradiographic studies in cervical cancer before and after (Yanagita, Herman, and Gusberg), 1051
Isozymes of lactic dehydrogenase in normal endometrium (Roddick, Ing, and Midboe), 459
Isoimmunization, pregnancy-induced, in mice, further studies on mechanism (Goodlin and Herzenberg), 133 (Comm. in brief)
rhesus, evaluation of reported methods of interpreting spectrophotometric tracings of amniotic fluid in (Robertson), 120 (Pertinent comments)
Isoxsuprine, oral, failure of, to prevent prematurity (Briscoe), 885 (Comm. in brief)
Items, 152, 296, 458, 1038-1050

J

Juvenile delinquency, gynecologic problems in institution for management of (Alward), 366
Juxtaglomerular degranulation and zona glomerulosa exhaustion in pregnant rats induced by low sodium intakes and reversed by sodium load (Pike, Miles, and Wardlaw), 604

L

Labor, cervical tension during (Lindgren and Siener), 414
and delivery, cardiovascular responses to (Winner and Romney), 1104
first stage, evaluation of abdominal decompression during (Shulman and Birnbaum), 421
induction of (Fields), 426
methemoglobinemia following epidural analgesia during (Poppers, Vosburgh, and Finster), 630
prolonged and abnormal (Schulman), 732 (Current developments)
Lactic dehydrogenase in normal endometrium, isozymes of (Roddick, Ing, and Midboe), 459
Lactogen, human placental, as variable of placental weight and infant weight (Spellacy, Carlson, and Birk), 118 (Current investigation)
LD_{50} for pregnant and nonpregnant rats, studies on nicotine absorption during pregnancy (King and Becker), 508
Left ventricular work, cardiac output and, in multiple pregnancy (Rovinsky and Jaffin), 781
Leiomyosarcoma of uterus (Stearns and Sneeden), 374
Lesions, benign cervical, new apparatus for "cold-coagulation" of (Semm), 963
production of, in absence of signs, toxemia of pregnancy (Douglas and Langford), 534
of vulva in elderly (Nash), 356
Leukocyte alkaline phosphatase in gynecologic cancer (Levine et al.), 692
Leukocytes in pregnant women, cytogenetic evidence concerning possible transplacental transfer of (Turner, Wald, and Quinlivan), 831
Library and museum of Louisville Obstetrical and Gynecological Society, 296 (Items)
Ligation, internal iliac artery (Le Cocq), 320
Luteinizing hormone, daily urinary assay of, by immunologic method (Mishell), 747
Luteoma of pregnancy (Sternberg and Barclay), 165 (Krause and Stembridge), 192

M

Malignant tumors, induced, of placental and uterine origin in rat, studies of, identification of experimentally induced choriocarcinoma by detection of placental hormone (Shintani, Glass, and Page), 559
induced tumors and pathogenesis with special reference to choriocarcinoma (Shintani, Glass, and Page), 550
Malignant tumors, induced—Cont'd
survival of placental tissue following fetectomy (Shintani, Glass, and Page), 542
Maternal circulation, fetal erythrocytes in (McLarey and Fish), 824
erythrocytes, transplacental transfer of (Donovan and Lund), 834
maternal and fetal electroencephalography in guinea pig (Rosen and McLaughlin), 997 (Current investigation)
Maternity services in Britain (Chamberlain and Jeffcoate), 436 (Current developments)
family planning program related to (Taylor), 726 (Pertinent comments)
Medroxyprogesterone acetate during pregnancy, prolonged gynecologic and endocrine manifestations subsequent to administration of (Turner, Mizock, and Feldman), 222
H^3-, in vivo metabolism of, in pregnant and nonpregnant women and in the fetus (Besch et al.), 228
Membrane, basement, in uterine cervix (Warren et al.), 23
Menstrual cycle, synthesis of chondroitin sulfate by human cervix during (Stevens et al.), 959
Mentally ill, state hospital for, gynecologic care at (McBurney), 345
retarded female exhibiting satellites on one No. 18 chromosome, case study of (Littlefield et al.), 1160 (Comm. in brief)
Mesonephric adenocarcinoma of vagina, primary (Harris and Daly), 591 (Comm. in brief)
carcinoma of cervix uteri, clinical and pathologic study (Fawcett, Dockerty, and Hunt), 1068
Metabolic activity of human placental fraction, observations on (Burt, Leake, and Pruitt), 579
Metabolic alterations of glucose and nonesterified fatty acids, maternal-fetal (Zuspan et al.), 284
Methemoglobinemia following epidural analgesia during labor (Poppers, Vosburgh, and Finster), 630
Methotrimeprazine for obstetric analgesia (Callaghan and Zelenik), 636
Midtrimester of pregnancy, bleeding in (Gainey and Figge), 430 (Clinical problems)
Missed abortion, management of, by highly concentrated intravenous oxytocin (Wajntraub), 1163 (Comm. in brief)
Muscle, human uterine, stress relaxation in (Conrad, Kuhn, and Johnson), 254
Myomas, uterine, abdominal myomectomy in treatment of (Briggs), 769
Myomectomy, abdominal, in treatment of uterine myomas (Briggs), 769

N

Neoplasm, ovarian, associated with autoimmune hemolytic anemia (Yam et al.), 207
Nicotine absorption during pregnancy, studies on, effects of acute heavy doses on mother and neonates (Becker and King), 515
LD_{50} for pregnant and nonpregnant rats (King and Becker), 508
Nonesterified fatty acids, glucose and maternal-fetal metabolic alterations of (Zuspan et al.), 284
Norethynodrel therapy, massive, in treatment of endometriosis (Scott and Brass), 1166 (Comm. in brief)

O

Obstetrics and gynecology, follow-through in (McCausland), 297
Occult prolapse of umbilical cord (Niswander et al.), 1099
Operation, pelvic, corpus luteum in vaginal vault following (Cordano), 877 (Comm. in brief)
use of posterior culdotomy in (Lee, Welch, and Spraitz), 777

Oral contraceptive medication, prolonged experience (Diddle et al.), 489
plasma insulin and blood glucose levels in patients taking (Spellacy and Carlson), 474
proteolytic enzyme therapy (Chymoral) in episiotomy patients (Soule, Wasserman, and Burstein), 820
Ova, human, in Fallopian tube (Doyle et al.), 115 (Current investigation)
Ovarian carcinoma (Morton), 359
neoplasm associated with autoimmune hemolytic anemia (Yam et al.), 207
pregnancy, primary unruptured (Sheldon, Hummer, and Perry), 884
tissue oxygen tension, uterine and, relationship of, to oxygen consumption during gestation (Gabel, Romney, and Roux), 381
Ovulatory suppressants, analysis of effect of, on glucose tolerance (Peterson, Steel, and Coyne), 484
Oxygen consumption during gestation, relationship of uterine and ovarian tissue oxygen tension to (Gabel, Romney, and Roux), 381
tension, tissue, relationship of uterine and ovarian to oxygen consumption during gestation (Gabel, Romney, and Roux), 381
Oxytocin, antidiuretic potency of, in women post partum (Saunders and Munsick), 5
highly concentrated intravenous, management of missed abortion by (Wajntraub), 1163

P

Pacific Coast Obstetrical and Gynecological Society, transactions of thirty-second annual meeting, 297-380
Papanicolaou test, early inflammatory response to intrauterine device as determined by (Ringrose), 1162 (Comm. in brief)
Pelvic floor relaxation, vaginal operations for, complications of (Rubin), 972
operation, corpus luteum in vaginal vault following (Cordano), 877 (Comm. in brief)
use of posterior culdotomy in (Lee, Welch, and Spraitz), 777
Perinatal asphyxia, incidence of, maternal age as isolated factor in (Crawford), 569
death and survival, application of discriminant functions in (Abernathy, Greenberg, and Donnelly), 860
evaluation and prognosis of premature fetus and newborn infant through phase-contrast microscopy of placenta (Aladjem), 935
Peripheral plasma, estrogens in, of cows during normal and prolonged gestations (Holm and Galligan), 887
Pertinent comments, 120-132, 726-731, 1009-1024
pH, gas tension, and viscosity of amniotic fluid of sheep, studies on (Moss and Rettori), 270
Phase-contrast microscopy of placenta, perinatal evaluation and prognosis of premature fetus and newborn infant through (Aladjem), 935
Placenta accreta (Niswander et al.), 846
adherent or invasive placenta (Luke, Sharpe, and Greene), 660
adherent or invasive–placenta accreta (Luke, Sharpe, and Greene), 660
human, fetal liver, and decidual tissue, glucose-6-phosphatase–like activity in (Carter and Weber), 914
phase-contrast microscopy of, perinatal evaluation and prognosis of premature fetus and newborn infant through (Aladjem), 935
venous drainage of, in rhesus monkeys, radiographic studies (Ramsey et al.), 948
Placental biopsy, transabdominal, diagnosis of hydatidiform mole by (Alvarez), 538
circulation, fetal, in rhesus monkeys demonstrated by radioangiography (Martin, Ramsey, and Donner), 943
fraction, human, observations on metabolic activity of (Burt, Leake, and Pruitt), 579

Placental—Cont'd
function, enzymatic determination of (Babuna and Yenen), 925
hormone, identification of experimentally induced choriocarcinoma by detection of (Shintani, Glass, and Page), 559
inflammation and infection (Maudsley et al.), 648
lactogen levels, human, as variable of placental weight and infant weight (Spellacy, Carlson, and Birk), 118 (Current investigation)
tissue following fetectomy, survival of (Shintani, Glass, and Page), 542
transfer of C^{14}-serotonin in pregnant rats, distribution and (Koren, Pfiefer, and Sulman), 290
of epinephrine. I. Maternal-fetal metabolic alterations of glucose and nonesterified fatty acids (Zuspan et al.), 284
weight and infant weight, human placental lactogen levels as variable of (Spellacy, Carlson, and Birk), 118 (Current investigation)
Placentas, normal and toxemic, trophoblast in, electron microscope study of (Anderson and McKay), 1134
of pre-eclamptic patients tissue progesterone concentrations of (Kumar), 594 (Comm. in brief)
Plasma diamine oxidase (DAO), serial measurements of, during normal human pregnancy by improved method (Southren et al.), 615
free 11-hydroxycorticosteroids in, in normal pregnancies and in cases of fetal death and missed abortion (Goldberg et al.), 892
in human, fate of injected dehydroisoandrosterone, testosterone, and dehydroisoandrosterone sulfate in (Lindberg, McClenaghan, and Herrmann), 743
insulin and blood glucose levels in patients taking oral contraceptives (Spellacy and Carlson), 474
peripheral, of cows, estrogens in, during normal and prolonged gestations (Holm and Galligan), 887
thiopental concentrations in newborn following delivery under thiopental–nitrous oxide anesthesia (Finster et al.), 621
Polyps, endocervical, gestational atypia in, Arias-Stella reaction (Cariani and Guderian), 589 (Comm. in brief)
Posterior culdotomy in pelvic operation, use of (Lee, Welch, and Spraitz), 777
Pre-eclampsia, sodium retention and (Chesley), 127 (Pertinent comments)
Pre-eclamptic patients, tissue progesterone concentrations of placentas of (Kumar), 594 (Comm. in brief)
Pregnancies, normal, and cases of fetal death and missed abortion, free 11-hydroxycorticosteroids in plasma in (Goldberg et al.), 892
Rh-sensitized amniocentesis in, management of (Alpern, Charles, and Friedman), 1123
Pregnancy, abnormal cytology in late, management of (Feste et al.), 763
acute rheumatic fever in (Ueland and Metcalfe), 586 (Comm. in brief)
cardiovascular hemodynamics in, cardiac output and left ventricular work in multiple pregnancy (Rovinsky and Jaffin), 781
cardiac rate, stroke volume, total peripheral resistance, and central blood volume in multiple pregnancy. Synthesis of results (Rovinsky and Jaffin), 787
corticosteroids and (Rolf), 339
ectopic, endometrium in (Boyce and Rollins), 327
endometriosis symptomatic during (Hanton et al.), 1165 (Comm. in brief)
luteoma of (Sternberg and Barclay), 165
(Krause and Stembridge), 192
medroxyprogesterone acetate during, prolonged gynecologic and endocrine manifestations subsequent to administration of (Turner, Mizock, and Feldman), 222

Pregnancy—Cont'd
midtrimester of, bleeding in (Gainey and Figge), 430 (Clinical problems)
multiple, cardiac output and left ventricular work in (Rovinsky and Jaffin), 781
rate, stroke volume, total peripheral resistance, and central blood volume in, synthesis of results (Rovinsky and Jaffin), 787
nicotine absorption during, studies on effects of acute heavy doses on mother and neonates (Becker and King), 515
LD_{50} for pregnant and nonpregnant rats (King and Becker), 508
normal human, serial measurements of plasma diamine oxidase (DAO) during, by improved method (Southren et al.), 615
outcome, toxoplasmosis, antibody level, and (Jones et al.), 809
ovarian, primary unruptured (Sheldon, Hummer, and Perry), 884 (Comm. in brief)
renogram in (Baird, Gasson, and Doig), 597
rupture of splenic artery aneurysm during (Macfarlane and Thorbjarnarson), 1025 (Current developments)
serum cholesterol changes in (Green), 387
toxemia of, abnormalities in infants of mothers with (Naeye), 276
acid-soluble nucleotides of blood in (Hayashi), 868 (Current investigation)
production of lesions in absence of signs (Douglas and Langford), 534
use of dermal graft in correction of incompetent cervix in (Breen), 406
Premature fetus and newborn infant, perinatal evaluation and prognosis of, through phase-contrast microscopy of placenta (Aladjem), 935
Prematurity, failure of oral isoxsuprine to prevent (Briscoe), 885 (Comm. in brief)
Premenstrual urethritis, treatment for newly recognized syndrome of (Nicolai and Hines), 137 (Comm. in brief)
Primary mesonephric adenocarcinoma of vagina (Harris and Daly), 591 (Comm. in brief)
Primipara, young unwed (Sarrel and Davis), 722 (Current investigation)
Progesterone concentrations, tissue of placentas in pre-eclamptic patients (Kumar), 594 (Comm. in brief)
Prolapse, genital, correction of, of elderly (Emge), 362
of umbilical cord (Niswander et al.), 853
occult (Niswander et al.), 1099
uterine, in young women, surgical treatment (Williams), 967
Prolonged and abnormal labor (Schulman), 732 (Current developments)
Prophylactic chemotherapy of hydatidiform mole (Kaku), 590 (Comm. in brief)
Protein-bound iodine and abortion (Kock, Van Kessel, and Stolte), 897
Proteolytic enzyme therapy, oral (Chymoral) in episiotomy patients (Soule, Wasserman, and Burstein), 820
Psychic problems in elderly (Davidson), 350
Pulmonary hyaline membranes, influence of race and other factors on (Fujikura and Froehlich), 572

R

Race and other factors, influence of, on pulmonary hyaline membranes (Fujikura and Froehlich), 572
Radiation treatment of carcinoma of cervix, injuries related to, and complications of supplemental surgery (Hurteau, Morris, and Chang), 696
Radioangiography, fetal placental circulation in rhesus monkeys demonstrated by (Martin, Ramsey, and Donner), 943
Radiographic studies of venous drainage of placenta in rhesus monkeys (Ramsey et al.), 948
Renogram in pregnancy (Baird, Gasson, and Doig), 594
Respiratory distress, effect of early versus late cord clamping on signs of (Spears et al.), 564
Rhesus isoimmunization, spectrophotometric tracings of amniotic fluid in, evaluation of reported method of interpreting (Robertson), 120 (Pertinent comments)
-sensitized pregnancies, amniocentesis in management of (Alpern, Charles, and Friedman), 1123
Rheumatic fever, acute, in pregnancy (Ueland and Metcalfe), 586 (Comm. in brief)

S

Sarcoma, endometrioid ("stromal endometriosis") (Jensen et al.), 79
Satellites on one No. 18 chromosome, case study of mentally retarded female exhibiting (Littlefield et al.), 1160 (Comm. in brief)
Scar, cesarean section, prognosis of (Ruiz-Velasco and Gamiz), 1119
Seat belt injuries to pregnant uterus, how common and severe are, 458 (Items)
Semen, human, quality of, ascorbic acid content and (Vaishwanar and Deshkar), 1080
Septic abortion (Moritz and Thompson), 46
Serum cholesterol changes during pregnancy (Green), 387
complement in eclamptogenic toxemia (Prall and Kantor), 530
Sling procedure, Goebell-Frangenheim-Stoeckel, appraisal of (Ridley), 714
Smear, "negative," preclinical cervical carcinoma, colposcopy, and (Hill), 308
Society of Obstetricians and Gynaecologists of Canada—annual meeting, 296 (Items)
Sodium aminohippurate to determine amniotic fluid volume, preliminary data on use of (Charles and Jacoby), 266
retention and pre-eclampsia (Chesley), 127 (Pertinent comments)
Specificity, increased, of immunofluorescent reactions (Gross and Saha), 979
Spectrophotometric tracings of amniotic fluid in rhesus isoimmunization, evaluation of reported methods of interpreting (Robertson), 120 (Pertinent comments)
Splenic artery aneurysm during pregnancy, rupture of (Macfarlane and Thorbjarnarson), 1025 (Current developments)
Squamous cell carcinoma of cervix, enzyme histochemistry of, of uterine cervix (Thiery and Willighagen), 1059
of Fallopian tube, primary (Malinak, Miller, and Armstrong), 1167 (Comm. in brief)
Sterilization, tubal (White), 31
Stress relaxation in human uterine muscle (Conrad, Kuhn, and Johnson), 254
Surgery, gynecologic, iatrogenic bacteriuria (Hodari and Hodgkinson), 153
deaths in, survey and evaluation (Williams and Pratt), 185
Surgical treatment of cancer of uterine cervix (Hsu and Liu), 706
for uterine prolapse in young women (Williams), 967

Syndrome, Ahumada–del Castillo, very early abortion in (Whitelaw et al.), 400

T

Tension, cervical, during labor (Lindgren and Siener), 414
Teratogenic effect of buclizine and hydroxyzine in rat and chlorcyclizine in mouse (King and Howell), 109 (Current investigation)
Testosterone, dehydroisoandrosterone, and dehydroisoandrosterone sulfate, fate of injected, in plasma in human (Lindberg, McClenaghan, and Herrmann), 743
Tetracycline, hepatic toxicity of, in pregnancy (Allen and Brown), 12
toxicity (Davis and Kaufman), 523
Thiopental concentrations, plasma, in newborn following delivery under thiopental–nitrous oxide anesthesia (Finster et al.), 621
–nitrous oxide anesthesia, plasma thiopental concentrations in newborn following delivery under (Finster et al.), 621
Tissue oxygen tension, uterine and ovarian, relationship of to oxygen consumption during gestation (Gabel, Romney, and Roux), 381
progesterone concentrations of placentas in pre-eclamptic patients (Kumar), 594 (Comm. in brief)
Toxemia, eclamptogenic, serum complement in (Prall and Kantor), 530
of pregnancy, abnormalities in infants of mothers with (Naeye), 276
acid-soluble nucleotides of blood in (Hayashi), 868 (Current investigation)
production of lesions in absence of signs (Douglas and Langford), 534
Toxicity, tetracycline (Davis and Kaufman), 523
hepatic, in pregnancy (Allen and Brown), 12
Toxoplasma antibodies, prevalence of, in Costa Rican postpartum women and their neonates (Ruiz, Flores C., and Kotcher), 817
Toxoplasmosis, antibody level, and pregnancy outcome (Jones et al.), 809
Transabdominal encephalocentesis in breech presentation (Bednoff and Delson), 592 (Comm. in brief)
placental biopsy, diagnosis of hydatidiform mole by (Alvarez), 538
Transactions of thirty-second annual meeting of Pacific Coast Obstetrical and Gynecological Society, 297-380
thirty-third annual meeting of Central Association of Obstetricians and Gynecologists, 1-108, 153-191
Transfusion, exchange, in utero, new method (Seelen et al.), 872 (Current investigation)
intrauterine exchange (Asensio, Figueroa-Longo, and Pelegrina), 1129
Transplacental hemorrhage in cesarean section (Montague and Krevans), 1115
passage of maternal erythrocytes (Donovan and Lund), 834
transfer of leukocytes in pregnant women, cytogenetic evidence concerning possible (Turner, Wald, and Quinlivan), 831
Trophoblast, human endometrium and, human blood-group A substance in, localized by chromatographed rabbit antiserum (Gross), 1149
in vitro, method of long-term cultivation (Smieciński and Mendecki), 112 (Current investigation)
in normal and toxemic placentas, electron microscope study of (Anderson and McKay), 1134
Tubal ligation, evaluation of, in Switzerland (Barglow and Eisner), 1083
sterilization (White), 31
Tumors, induced malignant, of placental and uterine origin in the rat, studies of, identification of experimentally induced choriocarcinoma by detection of placental hormone (Shintani, Glass, and Page), 559
induced tumors and pathogenesis with special reference to choriocarcinoma (Shintani, Glass, and Page), 550
and pathogenesis with special reference to choriocarcinoma (Shintani, Glass, and Page), 550
survival of placental tissue following fetectomy (Shintani, Glass, and Page), 542

U

Ultrasonic Doppler inspection of fetal heart (Bernstine and Callagan), 1001 (Current investigation)
Ultrasound detection of intrauterine contraceptive devices (Winters), 880 (Comm. in brief)
Umbilical cord, occult prolapse of (Niswander et al.), 1099
prolapse of (Niswander et al.), 853
Unwed primipara, young (Sarrel and Davis), 722 (Current investigation)
Urethritis, premenstrual, treatment for newly recognized syndrome of (Nicolai and Hines), 137 (Comm. in brief)
Urinary assay of luteinizing hormone, daily, by immunologic method (Mishell), 747
estriol determination, inhibitory factors in (Yousem, Solomon, and Strummer), 595 (Comm. in brief)
incontinence, treatment of, value of vaginopexy to Cooper's ligaments (Burch's operation) in (Sirbu and Albescu), 975
Urine, human chorionic gonadotropin in, low concentrations of, rapid immunologic method for semiquantitative determination of (Tamada, Taymor, and Stark), 249
pregnancy, and amniotic fluid, estriol in (Schindler and Herrmann), 301
Uterine cervix, basement membrane in (Warren et al.), 23
cancer of, surgical treatment of (Hsu and Liu), 706
muscle, human, stress relaxation in (Conrad, Kuhn, and Johnson), 254
myomas, abdominal myomectomy in treatment of (Briggs), 769
and ovarian tissue oxygen tension, relationship of, to oxygen consumption during gestation (Gabel, Romney, and Roux), 381
prolapse in young women, surgical treatment for (Williams), 967
Uterus, artificial, antiabruption dynamics of intervillous circulation in (Groeber), 640
gravid, gun shot wound of (Farzanfar and Shell), 877 (Comm. in brief)
in late human pregnancy, compression of aorta by, variations between femoral and brachial artery pressure with change from hypertension to hypotension (Bieniarz, Maqueda, and Caldeyro-Barcia), 795
leiomyosarcoma of (Stearns and Sneeden), 374
rat, in normal and hormonally induced estrus, histochemical study of fibrinolytic activity in (Kwaan and Albrechtsen), 468

V

Vagina, primary mesonephric adenocarcinoma of (Harris and Daly), 591 (Comm. in brief)
Vaginal operations for pelvic floor relaxation, complications (Rubin), 972
surgery, incidental appendectomy during (McGowan), 588 (Comm. in brief)
vault, corpus luteum in, following pelvic operation (Cordano), 877 (Comm. in brief)

Vaginopexy to Cooper's ligaments (Burch's operation) in treatment of urinary incontinence, value of (Sirbu and Albescu), 975

Venous drainage of placentas in rhesus monkeys: Radiographic studies (Ramsey et al.), 948

Vermiform appendix, use of, as Fallopian tube (O'Neill), 219

Viscosity, pH, gas tension, and, of amniotic fluid of sheep, studies on (Moss and Rettori), 270

Vulva, lesions of, in elderly (Nash), 356

Vulval dystrophies, chronic (Thompson and Harvey), 61

X

X chromosome, source of, in X girl, maternal age and (Boczkowski), 593 (Comm. in brief)

Y

Young unwed primipara (Sarrel and Davis), 722 (Current investigation)

Z

Zona glomerulosa exhaustion, juxtaglomerular degranulation and, in pregnant rats induced by low sodium intakes and reversed by sodium load (Pike, Miles, and Wardlaw), 604
